Santa X Yearling Heifers sold by GG & ME Wilson & Son of Kingaroy to restockers 390.2c/kg, 208kg, \$814.

Detailed Saleyard Report - Cattle

Market information provided by MLA's National Livestock Reporting Service

Dalby

report date 18/03/2020

Yarding 6556
 Change 3426

comparison date 11/03/2020

The trend of increased numbers continued at Dalby, with supply lifting by 3,426 head to 6,556. Buyer attendance was good with some additional supermarket support in the trade and cow sections. Prices generally could not maintain the very high levels of the previous week, however good quality lines continued to be in demand. Light weight yearling steers returning to the paddock averaged 27c/kg less. While yearling steers to feed for the domestic market averaged 11c to 17c/kg cheaper. The large supply of heavy weight yearling steers to feed allowed average prices to ease by 18c/kg. Light weight yearling heifers to processors experienced very little change in price, while restocker classes sold to a cheaper trend. Yearling heifers to feed for the domestic market received strong competition, however average prices could not maintain the previous week's level. Cows generally sold to a cheaper market to average 18c to 25c/kg less, however larger losses would have occurred without the supermarket support.

Light weight yearling steers returning to the paddock made to a top of 500.2c with a large sample averaging 425c/kg. Yearling steers to feed for the domestic market averaged from 402c to 410c with sales to 446c/kg. Heavy weight yearling steers to feed made to 420c to average 401c/kg. Light weight yearling heifers made to 403c to average 382c, and secondary lines averaged 320c/kg. Yearling heifers to feed for the domestic market averaged from 368c to 374c with sales to 400c/kg. Heavy weight yearling heifers to processors made to 407c to average 381c/kg.

Plain condition cows to restockers made to 268c to average 258c/kg. Medium weight 2 score cows to processors made to 257c to average 247c/kg. Good heavy cows made to 290.2c to average 280c/kg. Heavy bulls made to 365c/kg.
