Detailed Saleyard Report - Cattle  
 Market information provided by MLA's National Livestock Reporting Service

**Roma Store**

report date 27/04/2021

 Yarding 5915  
 Change -559

comparison date 20/04/2021

Cattle numbers fell slightly, down by 559 head to 5,915 at the Roma Store Sale. Cattle were again drawn from a wide supply area with numbers from Western and North West Queensland, and the overall quality of the yarding was good with some variation due to content. The usual buying panel was present and operating and including all regular processors. Steers accounted for over half the yarding with several large single vendor bred lines present. Demand remained firm with quality cattle selling to strong competition, and prices were reflective of quality variations. Overall the market eased with steers mostly falling, while heifers improved in places. Cows also saw improvements in price despite reduced restocker competition. Light weight yearling steers under 280kg fell by 21c to 35c, while medium weight steers under 330kg fell by 11c to 20c/kg. However medium weight steers under 400kg to feed improved by 6c/kg. Light weight heifers under 280kg to restockers fell by 14c, while medium weight yearling heifers under 330kg to restockers improved by 3c/kg. Heavy weight cows improved by 2c to 3c/kg.

The limited numbers of light weight yearling steers under 200kg sold to a top of 634.2c to average 600c/kg. A good sample of light weight yearling steers under 280kg to restockers made to 600.2c to average 523c/kg. Medium weight yearling steers under 330kg to restockers sold to 546.2c to average 500c/kg. Medium weight yearling steers under 400kg to feed made to 525.2c to average 469c/kg. Heavy weight yearling steers over 400kg to feed reached a top of 442.2c to average 407c/kg. Light weight yearling heifers under 200kg to restockers reached a top of 608.2c to average 554c/kg. Light weight yearling heifers under 280kg to restockers made to 550.2c to average 518c/kg. Medium weight yearling heifers under 330kg to restockers sold to 514.2c to average 485c/kg. Medium weight yearling heifers under 400kg to restockers reached a top of 480.2c to average 446c/kg.

The largest sample of grown steers sold to 368.2c to average 365c/kg. The largest sample of grown heifers sold to a top of 363.2c to average 328c/kg. A large single vendor line of PTIC grown yearling heifers sold on a dollars per head basis to a top of \$1820/head. Medium weight 3 score sold to 297.2c to average 291c/kg. Heavy weight 3 score cows made to 300.2c to average 296c, while heavy weight 4 score cows reached a top of 311.2c to average 306c/kg. The best of the heavy weight bulls to processors made to 318.2c to average 313c/kg. Cows and calves reached a top of \$2420/unit.
