

# Gracemere Market Report 10/11/2021

Following some widespread useful falls of rain in the draw area, CQLX Gracemere agents yarded a much smaller yarding of 2029 head, 1180 less than last week. Quality was mixed, however condition was quite good and there were some lines of very well-bred cattle presented. The normal processor and feeder buyers were present, as well as a number of local and travelling restockers. Values improved for most descriptions. Light weight yearling steers sold to restockers to a top of 783c to average from 635c to 639c/kg. Best bred medium and heavy pens averaged 484c to 535c/kg and were shared between feeders and restockers. Yearling heifers under 280kg topped at 597c to average from 538c to 562c/kg to restockers and from 493c to 532c/kg for those to the trade. Medium and heavy lines averaged between 469c and 564c/kg relative to the quality offered. Grown steers sold to feed to average from 433c to 511c/kg with bullocks selling to processors averaging 446c to 453c/kg. Trade buyers averaged 436c for the best finished grown heifers with those to feedlots averaging between 438c and 520c/kg. Two score cows made to 373c to processors who also paid to 419c for heavy, four score cows which averaged 395c/kg. Heavy bulls to feeders sold 369c/kg. Cows and calves were lightly supplied and sold from \$3000 to \$3500/unit for the best-bred pens.
