Detailed Saleyard Report - Cattle

Market information provided by MLA's National Livestock Reporting Service

Roma Store

Yarding 3869
Change -2304

report date 29/03/2022

comparison date 22/03/2022

The supply of stock reduced by 2,304 head to 3,869 at the Roma store sale. Cattle were drawn from a wide area, and overall quality was generally good. The regular buyers were in attendance and operating across all classes. Light weight yearling steers returning to the paddock regain some of the previous weeks losses to average 9c/kg better. The largest sample of yearling steers to feed for the domestic market averaged close to firm. However heavy weight yearling steers to feed could not maintain the levels of the previous sale and averaged 22c/kg less. Light weight yearling heifers returning to the paddock sold to a dearer trend. A relatively small sample of medium weight yearling heifers to feed sold to a cheaper market. A fair sample of heavy grown steers and bullocks experienced very little change in price. Cows sold to a mixed trend with restocker lines improving in price, however a fair sample of good heavy weight cows to export processors averaged 3c/kg cheaper.

Light weight yearling steers returning to the paddock made to a top of 760c to average 699c/kg. Yearling steers to feed for the domestic market averaged from 585c to 640c with the occasional sale to 692c, with some to restockers reaching 714c/kg. Heavy weight yearling steers to feed made to 598c with a good sample averaging 517c/kg. Light weight yearling heifers to restockers or background average 626c and made to 652c/kg. The largest sample of yearling heifers to feed averaged 529c and made to 604c/kg.

Heavy grown steers to export processors made to 439c to average 432c, and a small selection of bullocks made to 427c/kg. Medium weight plain condition cows to restockers made to 370c to average 353c/kg. Good heavy weight cows to export processors made to 385c to average 371c/kg. Heavy weight bulls made to 368c/kg. PTIC cows with calves sold open auction made to \$3,900/unit.
