

Gracemere Market Report 20.07.2022

CQLX Combined Agents saw an increase yesterday with a yarding of 4,779 head, comprising of 2,810 steers, 1,508 heifers, 428 Cows, 21 Cows & Calves and 12 bulls. Cattle came from all local districts along with consignments from Collinsville, Mt Coolon and South to Bundaberg. The yarding was mixed in some classes with both condition and quality variable, however the better-quality lines met with strong competition. As buyers were well represented for restocker and feeder lines and the processor panel also included two returning processors which helped boost the cow prices. With feeder and heifers prices coming back this week, as has been the trend across most centres, we seen good competition in the lighter end of the weaner steers with some increases of up to 40c/kg on last week's rates.
